RE: 2021 CDBG Community Improvement Application

Dear Mayor Harrington:

We regret that we are unable to fund your request for Community Improvement assistance through the Kansas Small Cities Community Development Block Grant Program.

All applications were carefully reviewed, evaluated, scored, and ranked according to the previously adopted selection criteria. Your application was not funded due to the level of competition among communities and the amount of money available for Community Improvement grants. You may find the ratings on these applications on our website at www.kansascommerce.gov/cdbg/cdbg-competitive-grants/. If you wish to discuss your application or rating, please do not hesitate to contact our office.

Although we were unable to provide grant assistance in your community improvement efforts this year, we encourage you to consider applying during future application periods. The Kansas Department of Commerce staff will be available in the coming months to provide technical assistance upon request to those communities or counties who wish to prepare for the 2022 program year.

Thank you for your interest in the program.

Sincerely,

Kayla Savage
Community Development Division Director
